

Prasanna Yatam

Bhimavaram, Andhra Pradesh | 8328551918 | prasannayatham11@gmail.com | linkedin.com/in/prasanna-yatam | github.com/prasannayatham11

Career Objective

Final-year B.Tech student in Artificial Intelligence and Data Science with a strong foundation in Python, SQL, and core computer science concepts. Seeking to join Infosys as a Specialist Programmer / Digital Specialist Engineer (Trainee), applying technical and analytical skills to build reliable, scalable, and efficient technology solutions.

Education

SRKR Engineering College

B.Tech in Artificial Intelligence and Data Science

Bhimavaram, Andhra Pradesh

2023 – 2027 | CGPA: 7.98

Tirumala Junior College

Intermediate (MPC)

Andhra Pradesh

2021 – 2023 | CGPA: 9.49

Aditya English Medium School

SSC

Andhra Pradesh

2020 – 2021 | GPA: 10.0

Technical Skills

Programming Languages: Python

Web Technologies: HTML, CSS, JavaScript

Databases: MySQL

Tools: VS Code, GitHub

Core Concepts: Object-Oriented Programming (OOP), DBMS, Operating Systems, Computer Networks

Projects

Student Performance Prediction using Machine Learning | *Python, Scikit-learn, Pandas*

2024

- Developed a machine learning model to predict student academic performance with **88% accuracy**.
- Performed data analysis on student attributes including attendance records, study hours, and historical marks using Pandas.
- Implemented and compared multiple classification algorithms: Random Forest, Decision Tree, Logistic Regression, and KNN to identify the best-performing model.
- Generated actionable performance insights to help identify at-risk students and improve academic outcomes.

Internships

Google AI-ML Virtual Internship

2025

AI/ML Intern | EduSkills Foundation

- Completed structured training in Artificial Intelligence and Machine Learning concepts including supervised and unsupervised learning.
- Gained hands-on experience with machine learning workflows including data preprocessing, model training, and evaluation.
- Applied AI/ML concepts to practical problem-solving tasks as part of the Google-EduSkills program.

AWS Data Engineering Virtual Internship

2025

Data Engineering Intern | EduSkills Foundation

- Worked with AWS cloud services including Amazon S3 for data storage, AWS Glue for ETL pipelines, and Amazon Athena for data querying.
- Performed data processing and analytics tasks using cloud-based tools and services.
- Gained practical experience with cloud data engineering concepts and big data workflows.

Certifications

Google AI/ML Virtual Certification – EduSkills Foundation

AWS Data Engineering Certification – EduSkills Foundation
